The New Brunswick College of Craft and Design (NBCCD) fosters a learner-centered environment that puts the student at the heart of the educational experience.

NBCCD's officially approved document, the Curriculum Standard, details specific learning outcomes necessary for a student to be certified. It also ensures uniformity of the delivery of a program's content.

The Curriculum Standard is an introduction to the program which includes the program description, program learning outcomes, and the program's potential career opportunities. This is followed by information on duration, credits, admission requirements, advanced placement, certification, articulations, and prior learning assessment and recognition.

This document also contains a program delivery sequence and the course profiles with specific course learning outcomes and grading basis.

In addition, the Curriculum Standard is used as a tool for revision and evaluation of the program and for the promotion of transfer agreements with other post-secondary institutions.

NBCCD welcomes all comments and inquiries regarding the implementation of this program and the use of this document. Please forward any requests or suggestions to the attention of:

Program Description

Advanced Studio Practice is a post-diploma Certificate program that spans two terms of study in which students develop and implement a professional career plan in the visual arts. The program takes a whole-person approach and empowers students to identify their career goals by awakening their personal and human potential. The key focus is on studio practice in the students' area of concentration while they work collaboratively with highly qualified faculty advisers. Students will be provided with opportunities to establish professional mentoring relationships. This program is suitable for recent graduates, professional artists and individuals with an artistic practice who wish to engage in a creative and collegial environment while evolving their distinct career goals.

Note: Although the vast majority of students take advantage of the facilities and creative community on-site, there are a limited number of low-residency seats available through consultation with the Studio Coordinator of the Advanced Studio Practice Program.

Areas of Study

- Independent Study in the Visual Arts
- Professional Studio Practice
- Mentors and Networking
- Community Engagement
- Active Web Presence
- Portfolio Development
- Promotion and Marketing
- Entrepreneurship and Business Practices
- Career Development

Program Learning Outcomes

Following successful completion of this program, students will be able to:

- Create a significant body of work that reflects a professional mode of practice.
- Synthesize innovative and creative problem-solving skills within a professional body of work.
- Establish a career development plan that integrates established business methods.
- Set realistic personal and professional goals.
- Self-reflect on practices that expand their awareness, personal growth and potential.
- Incorporate practical work experience into their personal career plan.
- Communicate and collaborate effectively with colleagues and professionals.
- Present themselves and their work in a variety of professional contexts.
- Create and execute strategic business models, leveraging entrepreneurial principles and industry-specific knowledge to successfully launch, grow and manage their creative enterprises

Career Possibilities

Advanced Studio Practice is a unique program where the student assesses their current professional practice and defines the next steps of their individual career path. Their plan of study may encompass, or be a combination of, production opportunities for the creative industries, working for themselves or entering into any entrepreneurial endeavour within the broad field of visual arts. Graduates may also proceed to further degree-based education. The Advanced Studio Practice Program initiates the beginning of a self-defined

Admission requirements

Certification

Upon successful completion of the prescribed curriculum, the student will receive a certificate in Advanced Studio Practice.

Modifications to Academic Programs

NBCCD may modify, adapt, or adjust the curriculum requirements, teaching methods, or learning outcomes when necessary to keep the program effective and relevant. Every student accepted for enrolment at NBCCD is deemed to have agreed to any such changes whether made before or after acceptance. NBCCD reserves the right to require enrolled students to meet the revised requirements.

TERRITORIAL ACKNOWLEDGMENT

NBCCD acknowledges that we live, work and create on the unsundered and unceded traditional Wolastoqey land. The lands of Wabanaki people are recognized in a series of Peace and Friendship Treaties to establish an ongoing relationship of peace, friendship and mutual respect between equal nations. The river that runs by our college is known as Wolastoq (Saint John River), along which live Wolastoqiyik – the people of the beautiful and bountiful river.
