Hours & Closure

HOURS

Main Building & Barracks: 6:30am-11:30pm, daily.

After-Hours Access: Requires approval from Studio Head and Academic Dean. Students are not allowed to have visitors enter the College and they must provide their Student ID card if requested by security or administration. It is recommended that students work in groups so no one is alone in the building at any time. The College premises are under 24-hour video surveillance.

CLOSURES

Please refer to the academic calendar for important dates. NBCCD observes federal and statutory holidays.

Although classes don't run on holidays, students have access to the buildings unless otherwise stated through social media and email.

In case of severe weather conditions, the College will communicate closures by 7am on social media and email. Please note that the closing of other local public schools or universities does not imply that NBCCD is closed.

Otherwise, building access is typically only paused during the Holiday Break unless otherwise noted. Access to specific studio spaces and lockers will also be restricted once classes end for any given program, winter or spring.

Student ID Card / Access Pass

Your Student ID card is your access pass to college buildings and workspaces. Building access is deactivated at the end of the academic year, if a student withdraws, or has been dismissed.

Your Student ID card also doubles as your Fredericton Transit Pass and Learning Commons card, so it's important to keep it safe.

If your card is lost, please notify studentlife@nbccd.ca immediately. There is a \$30 replacement fee you must pay before being issued a replacement ID card.

For the ID submission form, please visit nbccd.ca/id.

FVA Online students can request a free digital Student ID card by visiting nbccd.ca/id.

Local FVA Online students can also inquire with studentlife@nbccd.ca to request a physical ID for an additional fee.

STUDENT PORTAL

Your Online Tool to all Things Academic & Financial

The student portal is powered by RIO Education, and is the online tool used by students to access their academic and financial information. The student portal is a centralized place where prospective students can apply, and existing students can register for classes, access their schedules, generate report cards to check on their term results, as well as see their account status for tuition and fee payments.

Navigating the Student Portal

Access the student portal:
<https://snb2.my.site.com/portal/s/login/>

Once you have logged into the portal, the easiest way to navigate your information is to use the large tiles you see in the centre of the home screen:

- Profile: This is where you can see your personal information, and make updates as needed.
- Programs: This is where you see your program information, including course registration, program completion status, term results, and grades.
- Sessions: This is where you will see your course schedule calendar, once you are enroled in classes.
- Top Menu: The "My Applications" link at the top of the student portal is where you can apply for further programs, such as an existing FVA student who wishes to continue their education in one of our diploma programs.

Email the Registrar's Office at nbccdregistrar@gnb.ca if you have questions about the student portal.

ACADEMIC SUCCESS

Program Advisors

Students are assigned an Academic Advisor based on their program of study. Advisors provide confidential guidance and support for students as they move through their programs and can connect students with additional resources to ensure success. You should plan to meet with your Academic Advisor at least twice each semester.

Academic Policies & Procedures

The official policies of New Brunswick College of Craft & Design are available at nbccd.ca/policies.

Academic Code of Conduct

Your main academic policy is the Academic Code of Conduct. If there is a discrepancy between information in this Student Handbook and a policy, the latter will prevail.

Academic Year

The academic year extends over September 2026 to June 2027. All programs have a fall (September to December) and winter (January to April) term, with some programs also including spring courses (May to early June).

Assessment Policies

Student progress is assessed by means of individual consultation, peer review, group critique, graded assignments, self-assessment, and tests. Student

attendance and classroom participation are factors in assessment and should be treated as essential to academic success in all courses. Please read your course syllabus to understand the specific assessment policies for each of your courses.

Attendance & Participation

Attendance and participation are mandatory at NBCCD, as hand-on learning is at the core of all of our programs. Students are expected to contact their instructor in advance of any absences and notify their academic advisor in the case of extended absences. It remains the student's responsibility to catch up on any missed course content. Attendance warnings are sent out after three absences from a course and after four absences a student will be removed from the course and receive a failing grade.

Students at Risk

Support is available for students who are struggling with their coursework. If you feel you would benefit from additional support, you should arrange to meet with your Academic Advisor who can connect you with the Learning Strategist, College Counsellor, and other resources within Student Services as needed.

Late/Missed Assignments

If you anticipate having difficulty meeting a deadline, you should speak with your instructor as soon as possible. Without documentation of extenuating circumstances or prior arrangements with an instructor, late or missed assignments may receive point deductions, or a final mark of zero.

Information on appealing grades can be found in the Academic Code of Conduct policy. Please note that appeals must happen within the specified timelines.

Incomplete

A designation of incomplete (IC) is granted under extraordinary circumstances in which a student is unable to complete their course requirements by the end of term. Incompletes are granted at the discretion of the instructor and requests must be made before the deadline outlined in the academic calendar. For more information, refer to the Assessment of Learning policy.

Supplemental Assessments

Supplemental assessments provide students with extenuating circumstances the additional opportunity to demonstrate their skill. Approval for supplemental assessment must meet the following criteria: The student has received a failing grade (<60%) and:

- The student regularly attended classes.
- All required course work is completed during the term.
- A final course grade of 50% or greater has been achieved.
- The failure is not due to academic dishonesty.

Student Environment

All students share the responsibility of fostering and maintaining a positive, inclusive, and respectful learning environment. This includes demonstrating regard for the health, safety, and well-being of others.

Students are expected to uphold the values of mutual respect, academic integrity, and personal responsibility

within the College community; the Student Code of Conduct ensures that these values are maintained.

Academic Standing

All students are in good standing at the start of their program. This is reviewed mid-semester and at the end of each academic term. A student's status following review could be one of the following:

- **Good Standing:** The default category assigned to each student upon registration in a program or course. Good Standing is maintained by meeting or exceeding the course pass mark of 60% in all courses and achieving a GPA of at least 2.0.
- **Academic Probation:** Students may be placed on academic probation if their level of academic achievement in any course falls below the course pass mark of 60%, or their GPA falls below 2.0. Students placed on probation are required to meet with their academic advisor and sign a learning contract to continue successfully in their program.
- **Academic Dismissal:** Students may be academically dismissed for a minimum of one academic year when it is no longer possible to be successful in their program or course of studies. This can take place when there is a breach of academic integrity, a breach of the student code of conduct, a student on probation fails to uphold the terms of their learning contract, or when a student's GPA falls below 1.0. Readmittance to NBCCD following academic dismissal is at the discretion of the Dean of Enrolment and Student Success.
- **Academic Leave:** Academic leave is an approved break from a student's course of study for up to one academic year. To apply for academic leave, students should discuss with their academic advisor and complete a request for academic leave form provided by the Registrar's Office. Please note that academic leave requests are considered on a case-by-case basis.

Course Outlines

Students are expected to be familiar with the course outlines for all their courses and discuss with faculty any areas where clarification is required. Students are responsible for retaining course outlines for any future requirements they might have, such as for future applications for transfer credits.

Academic Integrity

Students are expected to uphold academic integrity through honest and ethical conduct. Academic misconduct includes but is not limited to cheating, plagiarism, misrepresentation, unauthorized use of generative artificial intelligence (AI), and submitting the same work for multiple assignments without prior approval. Violations of academic integrity may result in disciplinary action which can include a failing grade, dismissal, or expulsion, in accordance with the College's Academic Policies.

Academic Complaints & Appeals

For all complaints and appeals regarding academic matters, please refer to the Academic Code of Conduct, or seek guidance from your academic advisor, Learning Strategist, Counsellor, or the Dean of Enrolment and Student Success.

Non-Academic Complaints

Non-Academic complaints are regulated through our Student Code of Conduct. A complaint can be submitted to the Counsellor, Learning Strategist, or the Dean of Enrolment and Student Success.

Fostering a Culture of Critique

Critiques are an integral part of craft and design education and of the NBCCD experience. Students will be expected to regularly and respectfully participate in Critique sessions in their programs, both in assessing and critiquing peers' work, and in submitting their own work for feedback.

While some find that Critiques are intimidating or even stressful at first, it's important to recognize that giving and receiving meaningful and critical feedback is essential for your education and creative growth. Over the course of your studies, you will learn how criticality, resilience, and openness to new ideas fosters aesthetic literacy, community, and professionalism in craft and design.

REGISTRAR'S OFFICE

The Registrar's Office is your first point of contact for anything relating to course enrolment, tuition and fees, student records, and document requests. Email nbccdregistrar@gnb.ca or drop by the Student Services Centre for help with the following:

Please note that certificates and diplomas are only handed out to students without outstanding fees.

Tuition Refund

A portion of a student’s tuition may be refunded if a student halts their studies prior to the seventh week of classes. Students who withdraw up until the seventh week of term will be charged a pro-rated

amount for each week or partial week they attend class, and the remaining balance of tuition paid will be refunded. Confirmation and compulsory/studio fees are non-refundable. Additionally, there is a \$25 (CAD) administrative cost for processing tuition refunds via cheque, while \$30 (CAD) applies for wire transfer refunds. STUDENT LIFE

Student-led Events and Clubs

In an effort to create a collaborative, community-focused environment at the college, students are encouraged to host their own events. Events should be submitted to the Student Life Coordinator (SLC) well in advance to receive initial necessary approvals, general guidance, and to request inclusion in college communications if desired.

If appropriate, the SLC may also connect or refer you to the Student Association for additional upfront or ongoing support.

Note that for studio-specific events, or those relating to a specific course, students should instead reach out to their respective Studio Head or instructor for guidance first.

To submit your student-led events, please email studentlife@nbccd.ca to receive the Student-led Events application form.

ROOM BOOKINGS:

Both events and clubs must ensure they have booked any spaces they plan to use by contacting the Learning Commons Coordinator, who organizes room bookings. Please ensure your event has been reviewed by the SLC before booking a room. The only exception to this rule is for the Beehaus Community Lounge, which can be utilized anytime to host events, permitting they fully respect other parties also using the space.

POSTERS:

Flyers of any kind should be approved by Student Services or college leadership before posting. To have a flyer or poster approved, please email or visit the SLC.

STUDENT EMPLOYMENT AND VOLUNTEERING

Students are offered a variety of volunteer and work opportunities within the College and in the wider community throughout the year. Interested students should visit nbccd.ca/jobs to see all current and ongoing opportunities. Opportunities will also occasionally be shared via email.

Student Association

studentassociation@nbccd.ca

The NBCCD Student Association (NBCCDSA or SA) is a not-for-profit association designed to protect the interests of all credential students enrolled at the College (NBCCDSA members). The SA acts as a liaison between the students and campus administration with regard to the needs and interests of the student body. By-laws dictate how the SA is governed, and General Assemblies are held regularly for the entire student body to weigh in on major topics and vote.

The SA negotiates the collective Fredericton Transit Pass agreement that provides students free access to transit. What is included in the NBCCDSA Health & Dental Plans is also chosen by the SA.

In addition to these two primary initiatives, the SA coordinates select student events, approves club applications, and funds the Busy Bee program, which is a part-time employment opportunity run in collaboration with Student Services.

For more information, visit nbccd.ca/student-association and follow them on Instagram at [@sa_nbccd](https://www.instagram.com/sa_nbccd).

Student Association Positions

The Student Association is composed of the following groups of student-held positions: Board of Directors, Studio Representatives, and Members.

The Board of Directors are a small group of dedicated, elected student officials who meet regularly to lead and run the SA, providing auxiliary services and programming for students, by students. Students vote in Directors during general elections in March to serve their terms during the summer and following academic year. Elections may also be held when vacancies are present.

Studio Representatives are a smaller but still vital part of the SA, helping ensure clear communications between studios and the board. These positions open for applications in the fall and are then appointed by the Board of Directors to serve for the remainder of fall and winter of the same academic year.

Finally, Members include all credential in-person students or any online students who choose to opt-in to pay Student Association fees. All Members are encouraged to participate in General Assemblies.

Becoming more involved and engaged with the SA is a great way to learn valuable skills while helping fellow students directly, and honorariums are granted to those who serve in elected or appointed positions.

Additionally, all relevant application and voting information will be sent via email to all students when relevant.

Contact the Student Life Coordinator (studentlife@nbccd.ca) to find out more about this opportunity.

Busy Bee Program

The Busy Bee program is a part-time employment program funded by the Student Association and managed by Student Services, where students are given the chance to work within the College through a mailing list. Busy Bee contracts are typically short jobs that can be completed on or nearby campus, such as distributing posters or helping set up for an event. Occasionally, more specific roles are available on a

semester basis. Interested students should contact the Student Life Coordinator (studentlife@nbccd.ca) to learn more and sign up for the Busy Bee email list.

Campus Tour Program

NBCCD hires current students as Campus Tour Ambassadors for the College’s marketing and recruitment office. Ambassadors welcome future students to NBCCD events and conduct personalized campus tours. Find out more and apply for this paid job opportunity by emailing tours@nbccd.ca or using the online application form at nbccd.ca/jobs.

Tutoring & Notetaking

The Accessibility Office hires students as tutors and notetakers on an occasional basis. Students must have experience in the course and demonstrated understanding of the subject covered. Interested students should reach out to the Learning Strategist jaime.butler@gnb.ca to inquire about the hiring process.
